(Special to The Times-Dispatch.)

NORFOLK, VA., June 2.—With a heavy wheel jack, Isaac Parry, a freman on the tug Fannie M. Gilbert, was murdered this atternoon on Taylor's wharf.

The skull was crushed, and the dying man toppled over into the water and disappeared. As the dastard deed was done in plain view, the horrliled people rushed to save the man from a watery grave, and so let the murderer escape. When the dead body was recovered the man with the stick had disappeared.

Parry had gotten a job on the tug this morning.

with the stick and disappears.

Parry had gotten a job on the tug this morning.

While the nature of the altercation is not known, there was a war of words. According to an eye witness, there was but one blow, and that caught the unfortunate man in the head, blotting out the spark of life. It was all over in a minute, but the body lay in the slip nearly twenty minutes before it was inshed out and taken to the morgue.

Detectives hurried rapidly to the scene to get any fresh clue. His slayer was named Willis, a fireman on the tug Conqueror. The dead man was about twenty-five years old.

MORE BOATS STARTED.

The ferryboat Twin City started to-day. It was not running between Berkley and Portsmouth yesterday because of the disagreement between the marine engineers and the owners. It is said, too, that the Neuse and the Ocracoke, on the Albemarle Sound, had started. At the postoffice there was no delay in any of the malls dispatched from here except in the cases of the 4 lathews county and Gloucester routes.

patched from here extend and Gloucester routes.

The Old Dominion boats are advertised not to make the usual trips, and the mails are dispatched by West Point, thereby causing a little delay. No other boats are reported as off or on that were not reported yesterday, and the situation is not seriously affecting mails or freights. The Cape Charles route is open to the mails as usual, and they have been dispatched, despite the fact that nothing definite was given out yesterday, and the officials resented questions.

DIVIDEND IN MILLER CASE.

The first tangible return from the Michelsohn serbes of bankruptcles has come from the B. Miller estate. D. Lawrence Groner, the referea, announces that there is a dividend of five per cent., or about \$2,000 gross, in the B. Miller case. The debts are over \$70,000 in that case, hence the returns are not large to those who had real losses. The Mighelsohn case is still pending in the courts, with a feeble attempt to find assets which are not tangible.

The most serious question before the Assembly was a proposed change in one of the standards of the Confession of Faith. The first reference to the question was in the form of an overture from the Presbytery of New Orleans, asking that no proposition be considered by the Assembly looking to any change in the Confession of Faith. The Committee on Billis and Overtures, which reported the matter to the Assembly, made no recommendation, except that the overture be returned unanswered to the Presbytery of New Orleans. This report provoked considerable discussion, which at times was exciting. One member declared that to refuse to even consider any proposition would be to claim perfection for that book, and thus place it alongside of the Bible. No man-made book was intallible, he asserted.

WINSTON-SALEM, N. C., June 2.—A
negro man about thirty years old, whose negro man about thirty years old, whose name is not known, this morning attempted to commit a criminal assault upon Miss Claude Pegram, daughter of an excellent farmer residing two miles northwest of this city. Miss Pegram was at the spring washing some clothes when the negro came up and asked her to get him some water. She told him to go away, saying she would call her father if he did not leave. "I don't want your father; I want you," said the brute, who knocked Miss Pegram down, drew his knife, and told her he would cut her throat from ear to ear if she made any noise. Miss Pegram screamed and succeeded in kicking the negro off.

The girl's father and sister heard her screams and ran to the spring. As soon as the negro heard them coming he ran. Officers have been out all afternoon looking for the criminal, but they have not been able to find him.

A negro answering the description of the guilty party was arrested and carried before the girl, but she said he was not the right person.

STUART MEETINGS.

More than three thousand people heard the final sermon delivered by Rev. Geo. R. Stuart at West Hill Warehouse last night, and a thousand or more went home unable to gain admission.

Before the services began Rev. George E. Booker, on behalf of the choir, presented Mrs. Stuart with a beautiful berry bowl and spoon in token of their apprecation for her services in assisting the choir during the meeting. Mrs. Stuart made a brief and appropriate response, thanking the choir. Resolutions had been framed to be adopted by the body, but Mr. Stuart did not give the preacher time to present them. He said he hoped they had some good things to say about him, but that he was not preaching for such things. He wanted to save souls, and said he would not take the time for any resolutions when so many people were before him to hear the word of God.

More than two hundred persons were converted at the meetings, which closed last night.

Mr. and Mrs. Stuart left to-day for North Carolina.

CHARLOTTESVILLE, VA., June 2.—

The first annual luncheon of the Albemarle and the Rawling's Institute Alumnae Association was given yesterday at the Hotel Gleason, at 3 P. M. Covers were laid for fifty-six. The president, Mrs. W. E. Hatcher, of the class of 51, amounced the toasts and introduced the speakers. Miss Knight was substituted for Miss Hiden, of Newport News, who unavoidably was detained. Miss Robble Winfree, the only M. A. of this session, represented the class, and Mrs. Albert Tuttle, of the University, made an exceedingly interesting talk on "Service," as Illustrated in the life of Miss Palmer, recently deceased. Do and not dodgs was the key note.

Mrs. Hatcher, int introducing Mrs. Tuttle, said she had shown a sympathetic interest in the institution of girls and was one of the founders of the Virginia branch of the Association of Alumnae. She said while Vassar enjoyed so much distinction, it was not started till after this school, which had its birth in 1857, with Dr. Broadus as ifounder, and only the lack of means broke up his plans after a few years of success.

Mrs. Hatcher, speaking to the class of 1906, said their relation to the school was two-fold; that of sentiment and duty. They must love their alma mater and work for its upbuilding.

The luncheon is fast becoming one of the clief attractions of the finals, many of the alumnae returned to be present. CHARLOTTESVILLE, VA.,
